SPECIAL CONDITIONS

- 9-1) The applicant is required to submit a draft notification letter to residents/business owners to be approved by the City prior to distribution.
- 9-2) Prior to issuance of the permit the applicant shall submit schedule of proposed work describing the work to be done; work schedule shall indicate the location (street address or approximate block number) and duration of work (from start date to completion date). It is extremely important that the applicant follow the submitted schedule. The City will not allow the work to continue or suspend the permit if not in accordance with the submitted schedule.
- 9-3) Applicant shall email any changes in the work schedule 72 hours in advance or at least minimum 24 hours for emergency conditions only to the following to avoid cancellation of this permit. Richard Cortez – rcortez@ci.monrovia.ca.us; copy email to the following:; snakov@ci.monrovia.ca.us , atachiki@ci.monrovia.ca.us
- 9-4) Public Works Inspector and staff will occasionally visit the sites; depending on how the traffic controls affect the safety and traffic conditions of the surrounding area the City may request changes to the traffic control devices already placed on the site; the applicant upon request from the City shall immediately comply with the City's request; non compliance will result to cancellation of the permit.

Note:

Applicant shall comply with all applicable local, state, federal, environmental, health & safety requirements.

For all work being performed by the applicant covered by CALOSHA, and by signing below, the applicant certifies that execution of this work/project/permit will meet or exceed CALOSHA requirements.

The Applicant hereby releases and agrees to indemnify and save the City of Monrovia harmless from and against any and all injuries to and deaths of persons and damages to property, and all claims, demands, costs, loss, damage and liability, howsoever the same may be caused and whensoever the same may appear, resulting directly or indirectly from the performance or nonperformance of any or all work to be done in and upon the public right of way in and upon the premises adjacent thereto pursuant to this permit application, and also from any and all injuries to and deaths of persons and injuries to property or other interests, and all claims, demands, costs, loss, damage, and liability, howsoever same may be caused and whensoever the same may appear, either directly or indirectly, made or suffered by the applicant, the applicant's agents, employees, contractors and subcontractors, while engaged in the performance of said work.

ENCROACHMENT PERMIT ATTACHMENT NOTES, ADDITIONAL INSTRUCTIONS/REQUIREMENTS

MMC 12.48.010 Encroachment Permits

No person shall erect, construct, place or maintain any building, structure, fence, wall, porch, step, post, pole, pipe, conduit, sign, blockade, seat, bench, table, merchandise or other physical encroachment or obstruction in, over or upon any street, alley and public ways which have been dedicated or are open to public use and the curbing, sidewalk and parkway, if any, adjacent thereto without first obtaining and maintaining a permit therefore.

1. Dumpsters shall be placed on minimum 1" thick, 12" x 12" plywood to protect the pavement.
2. Stockpiling of material, soil or debris in the public right of way is not allowed unless written approval is obtained in advance. All material shall be stored onsite.
3. All stockpiles of dirt and/or sand onsite shall be covered with plastic and sand bags (2 wide and 2 high) placed around the stockpiles.
4. The Applicant shall comply with the City's Storm Water Management Ordinance, MMC 12.36. The design, implementation, construction activities and maintenance of the management devices shall mitigate and reduce pollutants in storm water discharges to the maximum extent practicable.
5. Waste water/sediment runoff from construction site materials is prohibited from entering the City street and storm drain system.
6. Washout of equipment or vehicles on the public right-of-way is prohibited. All washout of concrete equipment shall be disposed of on site.
7. Tarp shall be placed under all mixing equipment that is utilizing the public right-of-way.
8. Cleanup of the public right-of-way shall utilize dry methods (sweeping, vacuuming, etc.).
9. Applicant shall remove all erected structures within the street right-of-way within 14 days, at his expense, and/or upon request by the City.
10. Applicant shall provide reflectorized barricades as required and be approved by the City.
11. Additional requirements may be imposed or required by the Public Works Department upon actual inspection of the (project) site. Applicant shall comply with the requirements immediately, or upon receipt or knowledge of the requirements, non compliant will make this permit null and void.
